RESOLUTION 15/04

CONCERNING THE ESTABLISHMENT OF AN IOTC RECORD OF VESSELS AUTHORIZED TO OPERATE IN THE IOTC AREA

APPLICABLE TO

REPORTING REQUIREMENTS

This Resolution has superseded Resolutions 14/04, 13/02, 07/02 & 01/02, 05/02, and 02/05. This is one of the core resolutions for IOTC compliance as it lays the foundation to identify the vessels greater than 24m and those less than 24 m that are authorized by their respective flag States to fish for tuna and tuna-like species.

This resolution establishes a number of reporting requirements, most of which fall to the flag State under its obligations to implement the regime. Reporting requirements falling to all States relate to the enforcement side of the regime.
