

E-training tool assignment

Supra-category: IOTC ROS Scientific Field Observer Training (IOTC ROS SFO)

Category: Fisheries management (IOTC ROS SFO TR1.1)

Course: Regional legislation: IOTC Conservation and Management Measures (TR1.3.2)

Collective assignment

Download the full compendium (collection) of IOTC CMMs from the website at: <http://www.iotc.org/cmms>.

Participants are to pair up and each pair should read one of the general resolutions and discuss their implementation or need for implementation within the context of the relevant national observer programme.

Participants will present their conclusions to their colleagues and IOTC ROS SFO trainers during an online session.

IOTC Resolution	Participant names (pair)	Comments on resolution importance and applicability to your National Observer Programme
