

IOTC-2013-CoC10-08c Add_1 [E]

RESULTS OF INVESTIGATIONS ON POSSIBLE INFRACTIONS REPORTED AT THE 2012 COC MEETING TO WHICH NO EXPLANATION HAS BEEN MADE BY THE CONCERNED FLEETS Prepared by IOTC Secretariat, 18 April 2013

During the Eight Session of the Compliance Committee, a number of possible infractions detected under the IOTC Regional Observer Programme to monitor at-sea transhipments were brought to the attention of the Committee through working paper IOTC-2011-S15-CoC48_Add3[E]. The Committee requested that the concerned fleets identified provide information to the next meeting of the Committee about the actions it intends on taking to address each issue raised. At its Ninth Session, the Committee noted that there were outstanding reports from the 2011 Session.

IOTC-2011-CoC8-R[E] Paragraph 55

The CoC **NOTED** that ... *iv)* possible infractions reported at the 2011 CoC meeting to which no explanation has been made by the flag CPCs. The Secretariat shall inform the relevant flag CPCs of cases in iv)

During the 2012 inter-sessional period, the concerned fleets were notified, and responses received so far are provided in Part A (possible infractions relating to logbooks and VMS) and Part B (possible infractions relating to transhipment in the EEZ of coastal States).

Striving for our Seychelles"

Responsible Fishing For Sustainability

Response of Taiwan, Province of China (Letter received on 23rd May 2012)

May 23, 2012

Mr. Gerard Domingue Compliance Officer Indian Ocean Tuna Commission P.O. Box 1011 Victoria, Seychelles

Dear Mr. Domingue,

As a follow-up of the 16th meeting of the Indian Ocean Tuna Commission, I am writing to provide you with additional information regarding the possible infractions of Taiwanese fishing vessels observed by the regional observer programme as the follows:

Follow-up of case of infringement on Thresher shark onboard

Fishing vessel Fu Kuo No.10 was reported that Thresher shark fins was observed onboard during deployment 130/11. The result of investigation and the imposition of sanctions in response to its violation were informed to the IOTC secretariat in our previous investigation report dated 8 Feb, 2012.

Transshipment of undeclared southern bluefin tuna

According to Document IOTC-2012-CoC09-04b, fishing vessel Wen Der No. 106 was observed on deployment 135/11, to have transshipped undeclared southern bluefin tuna to carrier vessel Fu Jyi. This Agency has launched an investigation on the case and found this irregularity mainly resulted from the vessel crewmembers' misrecognition of SBT. However, even if the case is an unpremeditated offense, further action will be conducted by this Agency based on domestic regulations.

Other information

In addition, to ensure the transparency of our investigation report which was informed to the IOTC secretariat dated April 10, 2012, I hereby provide you with the copies of fishing licenses and the certificates for fishing vessel operating overseas bases of those vessels. From the information, you may find that these vessels were duly authorized by this Agency to operate in the Indian Ocean.

Should you have any question on the abovementioned information, please do not hesitate to contact me at any time.

Sincerely yours,

Chi-Chao Liu

Section Chief

Deep Sea Fisheries Division

chi-chao tur

Fisheries Agency of TAIWAN

The copies of the fishing licenses and certificates of the vessels were received with the above communication and are available to any parties wishing to verify it.

Part B - Possible infractions relating to transhipment in the EEZ of coastal States

Transhipment within the EEZ of India: Carrier Vessel Futagami – LSTLV Ho Fu Mei No. 6

Communication from India

No.21001/13/2006-Fy(Ind) Vol.II
Government of India
Ministry of Agriculture
Department of Animal Husbandry, Dairying & Fisheries

Krishi Bhawan, New Delhi. Dated the 03rd Aug., 2012.

To, Mr. Florian Giroux Fisheries Officer - Compliance Indian Ocean Tuna Commission, P.O. Box 1011, Seychelles.

Fax: +248-422-4364. E-mail: fg@iotc.org

Subject:- Listing of two vessels in the IOTC draft IUU vessels list for Unauthorized at sea transshipment in Indian EEZ - reg.

Sir,

Please refer to your e. mail dated 30th June, 2012 on the subject cited above. As it is evident in accordance with the Report of the IOTC Observer Program, that carrier vessel 'Futagami' [of Flag state Vanuatu] and the LSTLVs 'Ho Fu Mei No.6' [of Flag state Taiwan] have reportedly conducted a transshipment inside Indian EEZ in position 15° 1'N and 84° 45'E (i.e., 60 Km inside Indian EEZ) on 04/02/2011, which is a prohibited offence under the

provisions of Indian statutes [i.e., the Maritime Zone of India (Regulation of Fishing by Foreign Vessels) Act, 1981]. It is recommended with the approval of the competent authority that IOTC may cite the abovementioned vessels in the list of vessels presumed to have carried out IUU fishing in the IOTC Area, in accordance with Paragraph 7 of IOTC Resolution 11/03.

Duly filled 'Reporting Form' for listing each of the above-named vessels in the 'IOTC draft IUU vessels list' is attached herewith for further necessary action.

Yours faithfully,

Dr. Sanjay Pandey

Fisheries Research & Investigation Officer, Room No. 482,

Department of Animal Husbandry, Dairying and Fisheries,

GOUVERNEMENT DE LA RÉPUBLIQUE DE VANUATU

GOVERNMENT OF THE REPUBLIC OF VANUATU

11th September 2012

VANUATU COMMISISONER TO THE IOTC

Mr. Alejandro Anganuzzi Secretary General Indian Ocean Tuna Commission, Sevehelles.

Your Ref: IOTC Circular 2012-76

Dear Secretary General

Re: IOTC Draft IUU Vessels list - Vanuatu Vessel "Futugami"

Vanuatu acknowledges receipt of the IOTC Circular 2012-76 whereby India requests the listing of the Vanuatu flagged carrier vessel "Futugami" in the IOTC draft IUU Vessels list,

India's request is based on the ground that the said Vanuatu flagged vessel conducted an illegal transhipment inside Indian EEZ in position 15° 1 N and 84° 45°E (i.e., 60 Km inside Indian EEZ) on 4 February 2011.

However, after cross-checking the geographical coordinates reported by India and the ones appearing on the IOTC Transhipment declaration (attached as **Annex 1**) issued for the alleged illegal transhipment that occurred on 4th February 2011, Vanuatu notes that India is not reporting the correct data. Indeed, in said transhipment declaration dated 4th February 2011, the correct geographical coordinates are N15-02/E85-42", which is outside Indian EEZ.

Besides, Vanuatu has obtained from the Vanuatu flagged vessel VMS provider (Argos) the geographical coordinates of the vessel from 1st February 2011 to 7th February 2011 (attached as Annex 2) showing clearly that the vessel "Futugami" never operated in the Indian EEZ during said period.

Given the above clarification and obvious mistake from India, Vanuatu hereby requests the IOTC Secretariat to immediately delete the carrier vessel "Futugami" from the IOTC Draft IUU Vessels list.

I am looking forward to reading you.

Yours sincerely.

Laurent Parenté

Communication from India

No. 21001/13/2006-Fy(Ind) Vol.II
Government of India
Ministry of Agriculture
Department of Animal Husbandry, Dairying & Fisheries

Krishi Bhawan, New Delhi. Dated the 24th September, 2012.

To,

Mr. Alejandro Anganuzzi,

Executive Secretary,

Indian Ocean Tuna Commission, Seychelles.

Subject: - Withdrawal of IOTC Circular 2012-76 regarding two vessels presumed to have been carrying out IUU fishing in the IOTC area of competence.

Sir,

Please refer to 'IOTC Circular 2012-81' regarding Communications from Vanuatu and the Contractor responsible for executing the IOTC Regional Observer Programme to Monitor Transshipments at Sea', in response to proposal submitted by India vide 'IOTC Circular 2012-76' for inclusion of two vessels into the 'IOTC Draft IUU Vessels List'.

Considering the evidence provided by Vanuatu and the clarifications from the Consortium responsible for executing the 'IOTC Regional Observer Programme to monitor transshipments at sea' as well as the revised document 'IOTC-2012-CoC09-04b [E]-IOTC ROP-Contractor's Report', it is established vide 'IOTC Circular 2012-81' that the reported transshipment between 'Futagami' and the vessel 'Ho Fu Mei No.6' occurred outside the Indian EEZ.

Taking above into account, India is hereby dropping the proposal which was submitted vide 'IOTC Circular 2012-76' for inclusion of above-named two vessels into the 'IOTC Draft IUU Vessels List'.

As the above-mentioned proposal submitted by India for inclusion of two vessels into the 'IOTC Draft IUU Vessels List' was based on the 'paragraph page 4 of the IOTC-2012-CoC09-04b' of the IOTC Regional Observer Programme. Therefore, it is recommended that the statements made by the Vanuatu vide its' letter dt. 11.09.2012 that "India has reported incorrect data on geographical coordinates" should be dropped.

Besides, it is also advised that the IOTC Regional Observer Programme should be implemented with more care to avoid such inaccuracy in reporting of at sea transshipments in future.

with regards,

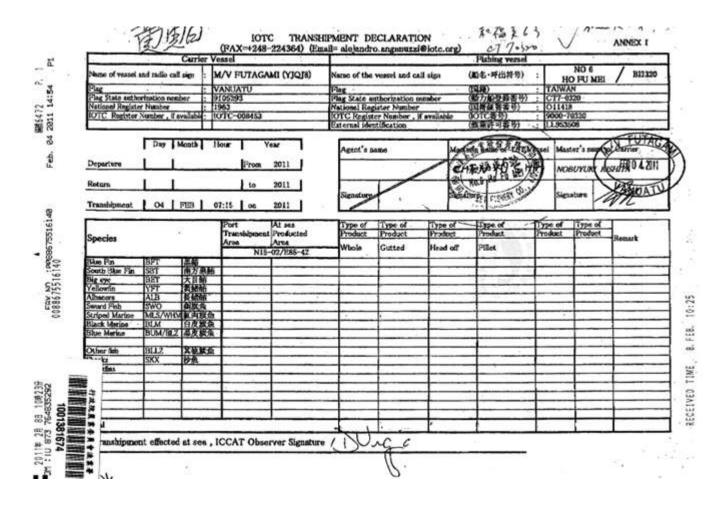

Dr. Sanjay Pandey / Fisheries Research & Investigation Officer / Room No. 482,
Department of Animal Husbandry, Dairying and Fisheries, / Ministry of Agriculture, Krishi Bhawan, / New Delhi-110
001, India. / Tel. 0091-11-23388911, Ext. 4481 / Mob. 0091-9868334244 / Telefax: 0091-11-23097012, / E-mail: sanjay_rpandey@yahoo.co.in

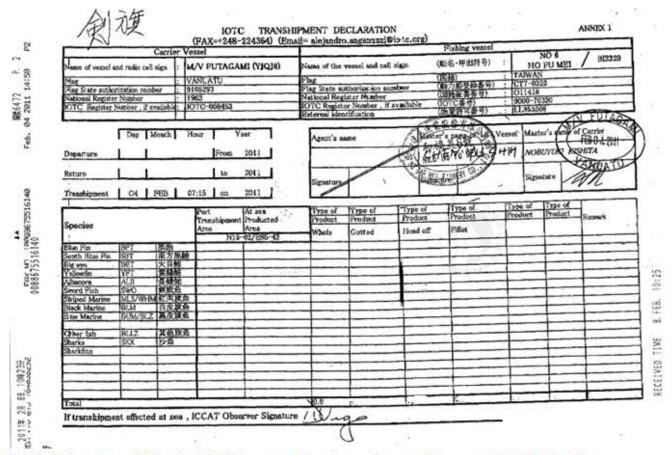

cc. Mr. Laurent Parente, Vanuatu Commissioner to the IOTC

Communication from Taiwan, Province of China (letter received the 23rd May 2012)

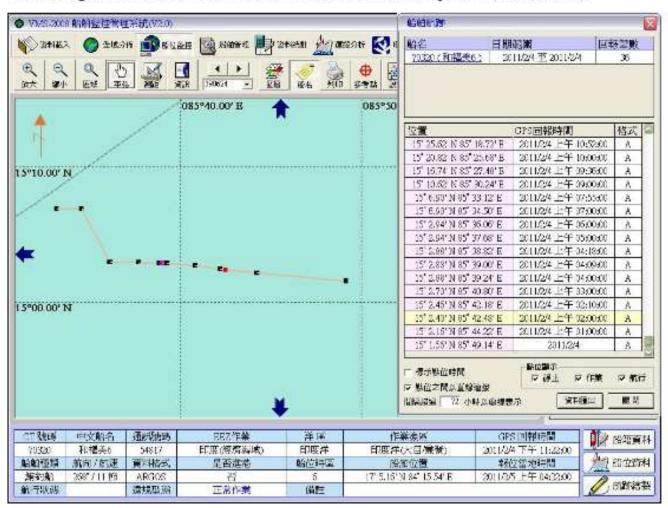

Alleged transhipment within the Indian EEZs

According to Document IOTC-2012-CoC09-04b, Taiwanese fishing vessel Ho Fu Mei No.6 was observed transhipping within the Indian EEZ at 15°1'N and 84°45'E during deployment 115/10 on board the carrier vessel Futagami. However, according to the transhipment declaration of Ho Fu Mei No.6 (Attachment 1) and further confirmed by vessel position recorded by the VMS centre (Attachment 2), the transhipment was in fact taken place on the high seas at 15°2'N and 85°42'E.

VMS Diagram of Ho Fu Mei No.6 on the date of transshipment (2011.02.04)

<u>Transhipment within the EEZ of Mozambique: Carrier Vessel Asian Rex – Taiyo Maru No. 8</u>

• Response of Vanuatu

GOUVERNEMENT DE LA RÉPUBLIQUE DE VANUATU

GOVERNMENT
OF THE
REPUBLIC OF
VANUATU

VANUATU COMMISSIONER TO THE IOTC

Executive Secretary Indian Ocean Tuna Commission P.O. Box 1011, Victoria Seychelles London, 8th April 2013

Dear Sir,

RE: Investigation report - Transhipment inside Mozambique EEZ (CoC09 report - Paragraph 55) - MV Asian Rex.

During its ninth session, the Compliance Committee noted that there were several cases to be investigated by Flag CPCs. One of those cases relates to the at-sea transhipments made by the then Vanuatu flagged carrier vessel Asian Rex¹ and the LSTLVs Taiyo Maru No. 8.

We would like to take this opportunity to share the results of findings that have resulted from Vanuatu's investigation, as flag State for the carrier vessel Asian Rex, for further communication to all CPCs.

According to the Consortium report, IOTC-2012-CoC09-04b (a summary of the IOTC Regional Observer Programme During 2011, page 4), the Asian Rex and Taiyo Maru No. 8 conducted a transhipment inside Mozambique's waters in position 26° 52.2'S and 37° 33.7'E according to the observer report and 26° 52'S and 37° 45'E according to the transhipment declaration, both positions being within Mozambique's fisheries waters under deployment 122/11.

Following Vanuatu's investigation, it is confirmed that transhipment n°3 with the Tayo Maru N°8 occurred 4km within the Mozambique EEZ while the transhipment n°1 & 2 did occur outside the Mozambique EEZ.

As reported by the Observer on the same consortium report, it was the third transhipment of the day, the two others being to the east and the ship slowly but surely drifted into the Mozambique EEZ while transhipping cargo.

In support of the above statement, the Vanuatu Authorities checked the VMS data of M/V Asian Rex and can confirm that the above assumption reflects, as a matter of fact, what did really happen.

M/V Asian Rex departed Cape Town, South Africa on the 28th of January 2011 where the observer joined. The vessel contained around 1398.7 tonnes of tuna when the observer

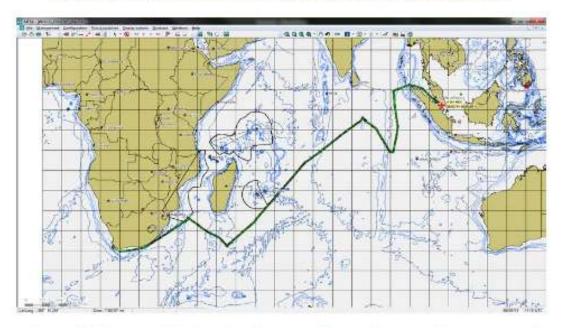

M/V Asian Rex flagged out Vanuatu on May 2012.

boarded. The fish on board was received from transhipments conducted in the Atlantic Ocean with an ICCAT observer on board. The vessel made a total of 16 transhipments at sea.

At the end of the trip on 28 February 2011, the vessel returned to Singapore where the observer disembarked.

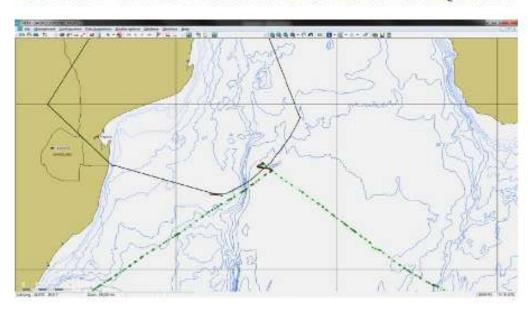

The route of the M/V Asian Rex is reflected in Picture 1 below:

PICTURE 1 - VMS DATA FROM 28 JANUARY TO 28 FEBRUARY

On or about 2nd February 2011, the M/V Asian Rex did enter the Mozambique EEZ as shown in Picture n°2 below:

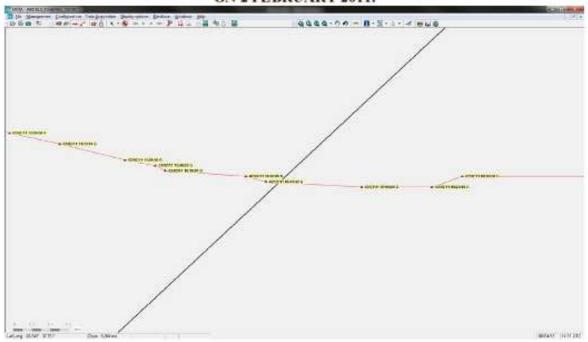

PICTURE 2 - M/V ASIAN REX ENTERING THE MOZAMBIQUE EEZ

E-Mail: faurentparente-vanuatu-imo@hotmail.com - Tel +44 (0) 7554 380005

At 9.47am, on 2nd February 2011, M/V Asian Rex did enter the Mozambique EEZ at a speed estimated between 0 to 2 knots as shown on picture n° 3 below:

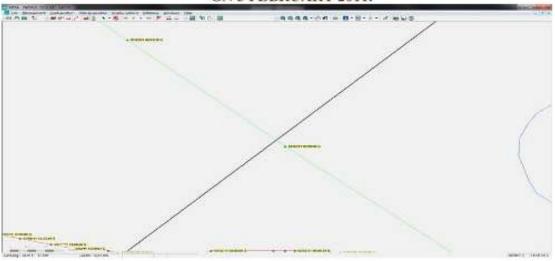

PICTURE 3 - M/V ASIAN REX ENTERING THE MOZAMBIQUE EEZ AT 9.47AM
ON 2 FEBRUARY 2011.

On or about 01.00 am on 3rd February 2011, the M/V Asian Rex left the Mozambique EEZ at an average speed of 5knots as refected in picture n° 4 below:

Conclusion:

In conclusion, Vanuatu does confirm that M/V Asian Rex did drift into the Mozambique EEZ while performing a transhipment operation and therefore did not voluntarily perform such transhipment in contravention with Mozambique national law.

Such operation while being conducted into a CPC EEZ should not be qualified as an IUU activity given the circumstances surrounding the transhipment i.e. "involuntary drifting".

We would be grateful if you could circulate this investigation report to all IOTC CPCs for their information purposes.

Yours sincerely.

Laurent Parenté

Vanuatu Commissioner to the IOTC

Mr. Alejandro Anganuzzi, IOTC Executive Secretary

Dear Mr. Anganuzzi,

I am writing to report results of our investigations and actions to be taken regarding the seven (7) Japanese vessels which were pointed out by the IOTC regional observers related to at-sea transshipments.

LSTLV (Taiyo Maru No.8) alleged to conduct transshipment inside Mozambique's EEZ

- On our analysis of VMS monitoring data, it was estimated that the transshipment was carried out about 8.3 miles inside the Mozambique's EEZ boundary, while the transshipment points recorded in both of the observer report and one of the vessel's declaration show different positions from VMS monitoring data (please see the attached VMS plot).
- In order to settle this issue and prevent recurrence of such incidents, following measures had been or will be taken.
 - Since Taiyo Maru No.8 was conducting fishing operation in Mozambique's water under an access arrangement between Mozambique and Japan Tuna Industry, they have consulted with the Mozambique's government.
 - ✓ Based upon findings to be obtained through further investigations on not only the LSTLV but also the carrier vessel, Fisheries Agency of Japan (FAJ) will take appropriate action against the vessel owner in accordance with Japan's relevant fisheries regulations.
 - ✓ FAJ will instruct Japan Tuna Industry and carrier vessel operators in Japan not to conduct transshipment nearby EEZ boundary, taking account of possible position gaps among positioning machines.
