Feedback to France (Territories) on the level of implementation of IOTC Conservation and Management Measures identified by the CoC10 in 2013.

Feedback: With regards to the level of compliance by France (Territories) to the decisions of the Commission, the Compliance Committee noted certain issues that required attention. These concerns were communicated to France (Territories) by the Chair of the Commission in a letter dated 10th May, 2013

| <ul style="list-style-type: none">• Resolution 10/02 (Minimum reporting requirements): The CoC noted the difficulties faced by France (OT) to provide data from its artisanal fisheries and acknowledged that the management of these small-scale vessels is difficult and expensive. Noting, however, that France is implementing a Fisheries Information System, the CoC ENCOURAGED France (OT) to continue to make progress to improve on the data reporting situation as soon as possible and report separately data from France OT and as Members of the EU. |
| <ul style="list-style-type: none">• Resolution 10/11 (On port state measures to prevent, deter and eliminate illegal, unreported and unregulated fishing): Noting that France (OT) has not provided the list of the designated ports, the name of the competent authority and the prior notification period notice. The CoC ENCOURAGED France (OT) to report on the situation as early as possible. |
| <ul style="list-style-type: none">• Response to the letter of feedback: Noting that France has not provided a response to the letter of feedback, the CoC ENCOURAGED France to provide a response to the letter of feedback of 2012. |

Response: No response to the letter of the Chair of the Commission was provided by France (Territories).

Current issues on the level of implementation by France (Territories) of IOTC Conservation and Management Measures identified for discussion in the CoC11 in 2014.
