M. David Wilson  
Secrétaire exécutif (intérim)  
Commission des thons de l'océan Indien (CTOI)

**Objet : Candidature du Bangladesh au renouvellement de son statut de partie coopérante non contractante de la Commission des thons de l'océan Indien**

**Référence :** Référence CTOI : 6085, datée du 27 janvier 2016.

En référence à votre correspondance et aux dispositions du Règlement intérieur de la CTOI (2014), Appendice III, paragraphe 1, le Bangladesh soumet sa demande formelle de renouvellement de son statut de partie coopérante non contractante de la Commission des thons de l'océan Indien. Nous vous communiquons également les informations requises.

- a) Données historiques sur les pêcheries dans la ZEE du Bangladesh, incluant les captures nominales, les nombres/types de navires, les noms des navires, l'effort de pêche et les zones de pêche : **annexes 1 et 2.**
- b) L'ensemble des données au titre des résolutions adoptées par la CTOI : **annexe 3.**
- c) Des informations détaillées sur l'activité de pêche actuelle dans la zone de compétence de la CTOI : nombre et caractéristiques des navires : **annexe 4.**
- d) Informations sur les programmes de recherche qui conduits dans la zone de compétence de la CTOI et données et résultats issus de ces programmes : nous n'avons pas de programme de recherche sur les thons.

Par ailleurs, nous renouvelons notre engagement :

- a) à respecter les mesures de conservation et de gestion de la Commission,
- b) à informer la CTOI des mesures prises pour garantir le respect par ses navires des mesures de conservation et de gestion de la CTOI.

Nous nous efforcerons d'être présents et de participer à la prochaine 20<sup>e</sup> [sic] réunion du Comité d'application de la Commission des thons de l'océan Indien qui se tiendra à La Réunion, du 23 au 27 mai 2016, afin de présenter notre candidature au renouvellement de notre statut de CNCP et de répondre aux questions des CPC.

Enfin, avec la demande croissante d'une population émergente pour une alimentation de qualité et pour pouvoir être compétitifs sur les marchés d'exportation du poisson et de ses produits dérivés, il est impératif que nous recherchions de nouvelles voies de développement dans le secteur des pêches marines.

L'observation des tendances des pêcheries dans nos eaux et dans celles des pays voisins, il semble qu'il existe des possibilités de développer la pêche thonière au Bangladesh. Le Bangladesh a déjà lancé une initiative de pêche thonière hauturière. Nous essayons d'introduire 10 palangriers pour pêcher le thons et les espèces apparentées à plus de 200 m de profondeur dans la ZEE du Bangladesh et dans les eaux internationales. Déjà 5 demandes de licences palangrières ont été faites par des entrepreneurs bangladaishi et sont en cours d'examen par le Ministère de la pêche et de l'élevage.

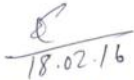

Nous sommes très honorés de participer à la Commission des thons de l'océan Indien (CTOI) en tant que partie coopérante non contractante. Lors de la 19<sup>e</sup> session de la Commission des thons de l'océan Indien

(CTOI) qui a eu lieu à Busan, République de Corée, en avril 2015, le statut de partie coopérante non contractante (CNC) de la Commission a été accordé au Bangladesh, jusqu'à la fin de la 20<sup>e</sup> session en 2016. Nous soumettons donc notre candidature au renouvellement de ce statut.

Étant donnée l'importance des informations requises pour la gestion et la conservation des thons et des espèces apparentées, cette participation bénéficierait grandement au Bangladesh pour le développement durable d'une pêche thonière florissante. Le partage d'expériences et de connaissances avec votre organisation renforcera l'initiative pionnière de pêche palangrière lancée par notre gouvernement.

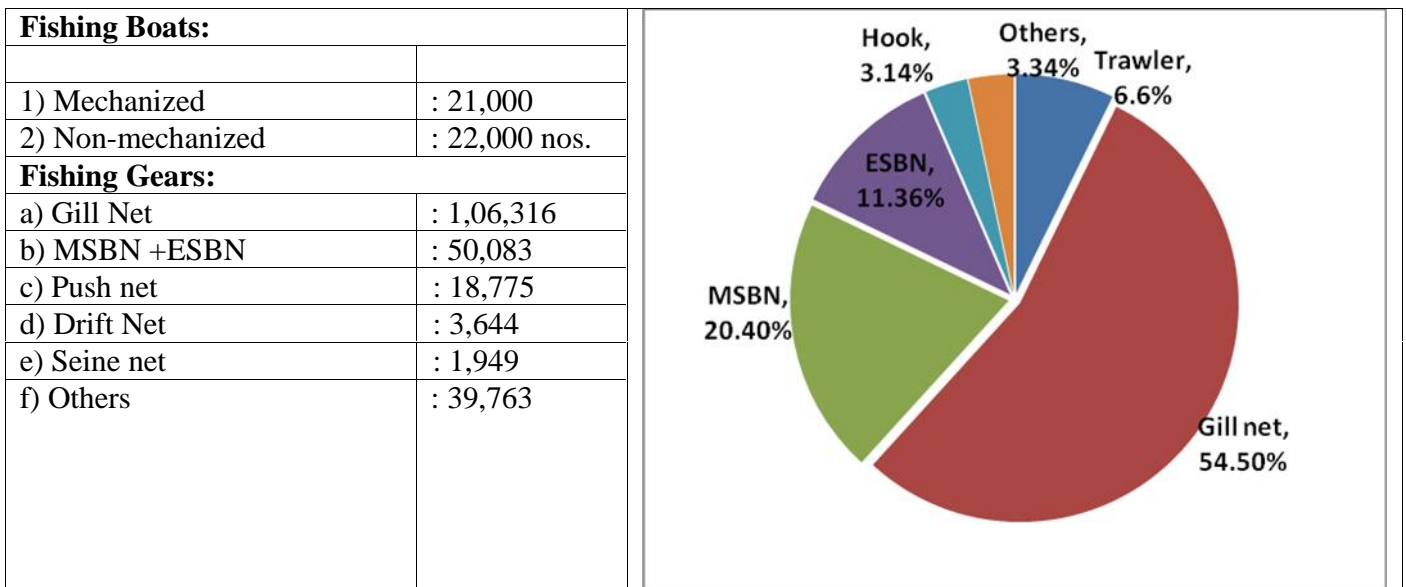

Je vous serai reconnaissant de bien vouloir approuver la candidature du Bangladesh au renouvellement de son statut de CNC de la Commission des thons de l'océan Indien.

Cordialement,

(Md. Maksudul Hasan Khan)  
Secretary  
Ministry of Fisheries and Livestock  
Dhaka, Bangladesh.
