### **Report of Implementation for the year 2015**

**DEADLINE FOR SUBMISSION OF THE REPORT 16 MARCH 2016**

Reporting CPC: UK(OT)

Date of submission: 08/02/16

---

*Please NOTE: this document is composed of 3 sections to report on the implementation of IOTC Resolutions*

---

**Part A.** *Describe the actions taken, under national legislation, in the previous year to implement conservation and management measures adopted by the Commission at its Nineteenth Session.*

- Resolution 15/11 On the implementation of a limitation of fishing capacity of Contracting Parties and Cooperating Non-Contracting Parties. <sup>a</sup>

In considering the UK(OT) response to these questions please note the context. The UK (BIOT) Administration does not operate a flag registry, BIOT does not have a fleet of commercial fishing vessels, and there is no commercial port in BIOT. The waters of the Territory were declared a Marine Protected Area (MPA) on 1 April 2010 and from 1 November 2010 became a no-take MPA to commercial fishing. An MPA exclusion zone covering Diego Garcia and its territorial waters exists where pelagic and demersal recreational fisheries are permitted. The recreational fishery catches some tuna and tuna like species.
