On the implementation of a pilot project in view of promoting the Regional Observer Scheme of IOTC

Para. 113. The Commission **ADOPTED** Resolution 16/04 *On the implementation of a pilot project in view of promoting the Regional Observer Scheme of IOTC. This Resolution creates a pilot project aiming to enhance the implementation of the Resolution 11/04 on a Regional Observer Scheme and to raise the level of compliance to the implementation of Resolutions 15/01 and 15/02, respectively on the recording of catch and effort data by fishing vessels in the IOTC area of competence and on mandatory statistical reporting requirements for IOTC Contracting Parties and Cooperating non-Contracting parties (CPCs).*

Outcomes of the 3rd Management Procedure Dialogue workshop

Para 98. The Commission **NOTED** the Report of the Third Management Procedures Dialogue, presented by the Chair of the Scientific Committee, where the current status and results of the MSE work on skipjack, albacore, yellowfin and bigeye were reviewed and discussed.

Para 99. NOTING that the MPD needs to focus on presenting the results of ongoing MSE work to the Commission to allow decisions needed prior to the adoption of a management procedure, the Commission **ENDORSED** the recommendation of the Scientific Committee on the modification to the Management Procedures Dialogue process to the performance of alternative management procedures against different objectives.

The complete report of the 20th Session of the Indian Ocean Tuna Commission is not yet available for download from the IOTC website but will be made publically available shortly after the final version has been agreed by correspondence.
