### HOW TO INTERPRET TERMINOLOGY CONTAINED IN THIS REPORT

The following report has been written using the following terms and associated definitions so as to remove ambiguity surrounding how particular paragraphs should be interpreted.

Level 1: From a subsidiary body of the Commission to the next level in the structure of the Commission: RECOMMENDED, RECOMMENDATION: Any conclusion or request for an action to be undertaken, from a subsidiary body of the Commission (Committee or Working Party), which is to be formally provided to the next level in the structure of the Commission for its consideration/endorsement (e.g. from a Working Party to the Scientific Committee; from a Committee to the Commission). The intention is that the higher body will consider the recommended action for endorsement under its own mandate, if the subsidiary body does not already have the required mandate. Ideally this should be task specific and contain a timeframe for completion.

## Level 2: From a subsidiary body of the Commission to a CPC, the IOTC Secretariat, or other body (not the Commission) to carry out a specified task:

**REQUESTED**: This term should only be used by a subsidiary body of the Commission if it does not wish to have the request formally adopted/endorsed by the next level in the structure of the Commission. For example, if a Committee wishes to seek additional input from a CPC on a particular topic, but does not wish to formalise the request beyond the mandate of the Committee, it may request that a set action be undertaken. Ideally this should be task specific and contain a timeframe for the completion.

### Level 3: General terms to be used for consistency:

**AGREED**: Any point of discussion from a meeting which the IOTC body considers to be an agreed course of action covered by its mandate, which has not already been dealt with under Level 1 or level 2 above; a general point of agreement among delegations/participants of a meeting which does not need to be considered/adopted by the next level in the Commission's structure.

**NOTED/NOTING**: Any point of discussion from a meeting which the IOTC body considers to be important enough to record in a meeting report for future reference.

*Any other term:* Any other term may be used in addition to the Level 3 terms to highlight to the reader of and IOTC report, the importance of the relevant paragraph. However, other terms used are considered for explanatory/informational purposes only and shall have no higher rating within the reporting terminology hierarchy than Level 3, described above (e.g. **CONSIDERED**; **URGED**; **ACKNOWLEDGED**).

### 4. Report of the IOTC Secretariat: 2016

5. The SCAF **NOTED** paper IOTC-2017-SCAF14-03 which outlined the progress of the IOTC Secretariat in 2016 and expressed its thanks for the capacity building support received by developing coastal States, including compliance, strengthening of data collection and reporting and understanding the science to management process supporting the Commission. The SCAF **REQUESTED** that such support be funded in the budget and be continued into the future.

- 6. The SCAF **ACKNOWLEDGED** the difficulties faced by the IOTC Secretariat to accomplish all IOTC-planned activities in the last 2 years, this was mainly due to a shortage in the IOTC Secretariat staff since 2016 triggered by the protracted recruitment processes as detailed in paper IOTC-2017-SCAF14-03, and expressed its appreciation for the hard work carried out by the staff.
- 4.1 Support to scientific activities
- 7. The SCAF **NOTED** that the work carried out by the IOTC Secretariat in support of the IOTC science processes included assistance to CPCs to improve the level of participation and engagement of national scientists in Working Parties, improve both the quality of data being provided to the IOTC Secretariat, and the quality and rigor of stock assessments for IOTC species. In 2016, seven (7) Working Party meetings were organised and facilitated by the IOTC Secretariat in addition to the annual meeting of the Scientific Committee.
- 4.2 Support to compliance activities
- 8. The SCAF **NOTED** that the requirements related to compliance continue to expand. - 12. The SCAF **NOTED** that, at the level of the overall 2016 budget, there was an under-expenditure of approximately US\$1,262,911 (-34% variance). This under-expenditure was mainly due to lower staff costs as a result of the Executive Secretary post being vacant for most of the year; the Deputy Executive Secretary post remaining vacant most of the year; the Stock Assessment Expert taking up his duties in December 2016; and the Administrative Officer, P3 taking up his duties in November 2016.
- 13. The SCAF **NOTED** the contributions paid by IOTC members to FAO in 2016 and reiterated its concerns that ICRU costs were charged once again by FAO, against the intention of the Commission.

In 2015 the increase was 14%. 15 members had contribution payments in arrears totalling US\$ 2,318,898 (see Financial Regulations V.3) as of 31 December 2016.
- 24. Iran informed the SCAF that it intended to pay its arrears over the next 5 years, and confirmed it now had the ability to make its annual contributions on time. The SCAF **WELCOMED** Iran's proposal and **ENCOURAGED** other members to also find payment recovery mechanisms.

### Financial statement: Fiscal year 2016

- SCAF14-01 (Para. 16) Given the delay in recruiting an Executive Secretary caused by the FAO, and the decision by the FAO to make interim arrangements, the SCAF **RECOMMENDED** that the Commission request FAO to pay for travel costs associated with the travel of the Executive Secretary (ad interim) between Rome and the Seychelles and any secondment payments associated with this posting throughout 2016 and 2017.
- SCAF14-02 (Para. 17) The SCAF **RECOMMENDED** that the IOTC Secretariat examine and adjust accordingly the respective duration and scheduling of the back-to-back CoC and SCAF meetings in order to improve the overall efficiency of the meetings.

#### **Contributions Outstanding**

#### Programme of Work and Budget Estimates for 2018 and tentatively for 2019

- SCAF14-05 (Para. 32) The SCAF **RECOMMENDED** that the Commission agree to use funds originally designated as a contingency associated with grant co-payments as a general contingency ("Miscellaneous contingencies"), which could be used to offset additional expenditure under the Meeting Participation Fund, or as a contingency in association with grant co-payments, or as a general deficit contingency.
- SCAF14-06 (Para. 33) The SCAF **RECOMMENDED** that the Commission consider setting aside amounts from the IOTC regular budgets from 2019 onwards to account for current and future unpaid contributions, while continuing to pursue payment from all States with outstanding contributions.
- SCAF14-07 (Para. 34) The SCAF **RECOMMENDED** that the ICRU budget line continue to be set to zero, reaffirming the intention of the Members not to pay for such costs.
- SCAF14-08 (Para. 35) The SCAF **RECOMMENDED** the Commission endorse the revised structure of the IOTC Secretariat (<u>Appendix VIII</u>), including the transformation of the Deputy Secretary/Science Manager post into a dedicated Science Manager post; and the alignment of the Compliance and Science sections by raising the level of the current P-4 Compliance Manager post to P-5 level.
- SCAF14-09 (Para. 36) The SCAF **RECOMMENDED** that the Commission adopt the Programme of Work and Budget and the scheme of contributions for 2018 and 2019 (indicative) as outlined in <u>Appendix IV</u> and <u>Appendix V</u> respectively, while **NOTING** that the *Program of Work* for the IOTC Secretariat is based on the assumption that the nature and extent of the activities undertaken by the IOTC Secretariat will remain within the current scope. Any new activities agreed to during the 21<sup>st</sup> Session of the Commission (S21) that have budgetary consequences, will require an amendment of the figures presented to, and endorsed by the SCAF.
