**CONCERNING THE IOTC RECORD OF VESSELS AUTHORISED TO OPERATE  
IN THE IOTC AREA OF COMPETENCE**

SUBMITTED BY: Seychelles

---

**Explanatory memorandum**

The proposed amendments are to strengthen the measure by giving clarity to the mandatory information that need to be submitted to the IOTC Secretariat of vessels to be authorised, but primarily to ensure that vessels of less than 100 GT that are at least 12 meters in length that are eligible for IMO registration does so. This will further enhance monitoring, control and surveillance of fishing vessels especially with regards to IUU fishing and or transfer of ownership of such vessels as they will be universally be uniquely identifiable by their IMO number.

RECOGNISING the need to take further measures to effectively eliminate the IUU large scale tuna fishing vessels; ADOPTS, in accordance with paragraph 1 of Article IX of the IOTC Agreement, that:

1. The Commission shall maintain an IOTC Record of fishing vessels that are:

For vessels of less than 100 GT that are at least 12 metres in length overall, the requirement in this paragraph is effective as of 1<sup>st</sup> January 2020. As of this date, CPCs shall ensure that all their fishing vessels that are registered on the IOTC Record of fishing vessels have IMO numbers issued to them. Paragraph 2.b on IMO number does not apply to vessels which are not eligible to receive IMO numbers.

In assessing compliance with the paragraph above, the Commission shall take into account exceptional circumstances in which a vessel owner is not able to obtain an IMO number despite following the appropriate procedures. Flag CPCs shall report any such exceptional situations to the IOTC Secretariat.

3. All CPCs which issue authorisations to fish to their flag vessels to fish for species managed by the IOTC shall submit to the IOTC Executive Secretary, an updated template of the official authorisation to fish outside National Jurisdictions, and update this information whenever this information changes. This information includes:
  - a) name of the Competent Authority;
  - b) name and contact of personnel of the Competent Authority;
  - c) signature of the personnel of the Competent Authority;
  - d) official stamp of the Competent Authority.

The IOTC Executive Secretary shall publish the above information in a secure part on the IOTC website for MCS purpose.

4. The template in paragraph 3 shall be used exclusively for monitoring, control and surveillance purposes and a difference between the template and the authorisation carried onboard the vessel does not constitute an infraction, but will prompt the controlling State to clarify the issue with the identified Competent Authority of the flag State of the vessel in question.
5. Each CPC shall promptly notify, after the establishment of their initial IOTC Record, the IOTC Executive Secretary of any addition to, any deletion from and/or any modification of the IOTC Record at any time such changes occur.

  - b) take necessary measures to ensure that their AFVs comply with all the relevant IOTC Conservation and Management Measures;
  - c) take necessary measures to ensure that their AFVs on the IOTC Record keep on board valid certificates of vessel registration and valid authorisation to fish and/or tranship;
  - d) ensure that their AFVs on the IOTC Record have no history of IUU fishing activities or that, if those vessels have such a history, the new owners have provided sufficient evidence demonstrating that the previous owners and operators have no legal, beneficial or financial interest in, or control over those vessels; the parties of the IUU incident have officially resolved the matter and sanctions have been completed; or that having taken into account all relevant facts, their AFVs are not engaged in or associated with IUU fishing;
  - e) ensure, to the extent possible under domestic law, that the owners and operators of their AFVs on the IOTC Record are not engaged in or associated with tuna fishing activities conducted by vessels not entered into the IOTC Record in the IOTC area of competence;
  - f) take necessary measures to ensure, to the extent possible under domestic law, that the owners of the AFVs on the IOTC Record are citizens or legal entities within the flag CPCs so that any control or punitive actions can be effectively taken against them.
8. CPCs shall review their own internal actions and measures taken pursuant to paragraph 7, including punitive actions and sanctions and, in a manner consistent with domestic law as regards disclosure, report the results of the review to the Commission annually. In consideration of the results of such review, the Commission shall, if appropriate, request the flag CPCs of AFVs on the IOTC Record to take further action to enhance compliance by those vessels with IOTC Conservation and Management Measures.
9.
  - a) CPCs shall take measures, under their applicable legislation, to prohibit the fishing for, the retaining on board, the transshipment and landing of tuna and tuna-like species by the vessels which are not entered into the IOTC Record.

    - ii. CPCs shall require that the species covered by Statistical Document Programs caught by

AFVs in the IOTC area of competence, when imported into the territory of a Contracting Party, be accompanied by statistical documents validated for the vessels on the IOTC Record; and

- iii. CPCs importing species covered by Statistical Document Programs and the flag States of vessels shall cooperate to ensure that statistical documents are not forged or do not contain misinformation.
10. Each CPC shall notify the IOTC Executive Secretary of any factual information showing that there are reasonable grounds for suspecting vessels not on the IOTC Record to be engaged in fishing for and/or transshipment of tuna and tuna-like species in the IOTC area of competence.

  - b) If the flag of a vessel mentioned in paragraph 10 cannot be determined or is of a non-Contracting Party without cooperating status, the IOTC Executive Secretary shall compile and circulate such information to all CPCs, without delay.
12. The Commission and the CPCs concerned shall communicate with each other, and make the best effort with FAO and other relevant regional fishery management bodies to develop and implement appropriate measures, where feasible, including the establishment of records of a similar nature in a timely manner so as to avoid adverse effects upon tuna resources in other oceans. Such adverse effects might consist of excessive fishing pressure resulting from a shift of the IUU fishing vessels from the Indian Ocean to other oceans.
13. Each Contracting Party and Cooperating Non-Contracting Party with the IOTC shall:
  - a) Ensure that each of its fishing vessels carry on board documents issued and certified by the competent authority of that Contracting Party or of that Cooperating Non-Contracting Party with IOTC, including, at a minimum, the following:
