
CONCERNING THE IOTC IUU VESSELS LIST

Prepared by: IOTC Secretariat

In accordance with Paragraph 7 of IOTC Resolution 06/01 *On establishing a list of vessels presumed to have carried out illegal, unregulated and unreported fishing in the IOTC area* the following Provisional IUU Vessels List is provided for consideration at the 11th Session of the Commission.

Since the Commission last met, there has been one report of IUU activity provided to the Secretariat. This report, provided by Japan (attached) was circulated to members on 15 August 2006, then again on 12 February 2007 with the Draft IUU Vessels list. To-date no comments have been received from CPC's on the draft list.

Regarding the Yu Mann Won, flagged by Georgia: to-date no comments have been received from CPC's on the inclusion of this vessel in the draft list and there has been no response from the flag state.

Regarding the Blue Ocean Marine, the Ocean Lion and Ocean Star Marine: no new information has come to hand.

Regarding the Feng Jung Chin 1, Wan Feng and Yu Fu 11, all flagged by Papua New Guinea: on 26 February 2007 the Executive Secretary wrote to Papua New Guinean Authorities to remind them about the caveats the Commission placed on the removal of the three longliners from the IUU Vessels List. *Briefly, at its last meeting, the Commission agreed that the vessels could be removed on the condition that Papua New Guinea provides the names and details of the vessels that actually caught and transhipped the fish from the Indian Ocean.* To-date, no additional information has been received on this matter.
