

**INDONESIA ANNUAL REPORT TO INDIAN OCEAN TUNA COMMISSION  
(IOTC)  
2011**

---

**PART 1 A  
ACTION TAKEN, UNDER NATIONAL LEGISLATION**

1. Resolution 09/01 concerning Performance Review follow-up.
2. Resolution 09/02 Concerning the Implementation of a limitation of fishing capacity of Contracting Parties and Cooperating Non-Contracting Parties.

A draft of policy concerning a limitation of fishing capacity is being discussed within DGCF and will be continued with MMAF and public consultation.

3. Resolution 09/03 Concerning Establishing a list of vessels presumed to have carried out IUU fishing in the IOTC area.

Indonesia acknowledged receipt a letter from the Secretariat on 23 December 2009, informed that one vessel flagged Indonesia; LINGSAR 08, presumed to have fished in the water under the jurisdiction of La Reunion. While we are collecting information on this matter from the owner, Indonesia has submitted a letter to the Secretariat to suggest not putting the vessel on the IOTC provisional IUU Vessels List by this year, as it was proposed by European Union less than 120 days before IOTC Annual Meeting, 1-5 March 2010.

4. Resolution 09/04 Concerning Regional Observer Scheme

We have informed this program to the fishing industry, but we need some time to continue negotiation with them as following this program will be very costly.

5. Resolution 09/05 Concerning Prohibition the use of large scale driftnet on the high seas in the IOTC area of competence.

The existing regulation allows the use of large scale gillnet at IEEZ up to 10,000 meters length. But we have reminded the fishing industry on this resolution that the maximum length can be setting out at high seas is 2,500 meters. The national regulation may be reviewed accordingly.

6. Resolution 09/06 Concerning Marine turtles

Indonesia keeps protecting marine turtle from exploitation. We prohibit trade of any part of marine turtle, including protecting their habitat and releasing the turtle baby into the sea as a part of re-stocking action. This action widely promoted and broadcasted all over the country.

## **Reporting CPC: Report of Implementation for the year 2010**

### **CPC : INDONESIA**

**23 February 2011**

1. Resolution 10/01 For the Conservation and Management of Tropical Tunas Stocks in the IOTC Area of Competence

Indonesia has informed to the fishing industry concerning the regulation about time area closure for long liners in February 2011

2. Resolution 10/02 Mandatory Statistical Requirements For IOTC Members and Cooperating non-Contracting Parties (CPC's)
3. Resolution 10/03 Concerning the recording of catch by fishing vessels in the IOTC area
4. Resolution 10/04 On a Regional observer scheme

Indonesia has informed this program to the fishing industry, but we need some time to continue negotiation with them as following this program will be very costly.

5. Resolution 10/05 On the Establishment of a Meeting Participation Fund for Developing State Members
6. Resolution 10/06 On Reducing the Incidental Bycatch of Seabirds in Longline Fisheries

Indonesia has implemented National Log Book Program since 2008. Based on the log book, there is no report bycatch of seabird

7. Resolution 10/07 Concerning a Record of Licensed Foreign Vessels Fishing for Tunas and Swordfish in the IOTC Area

The existing regulation, regulation of Minister of Marine Affairs and Fisheries Number: 5 year 2008 and Number 12 year 2009 concerning Capture Fishery Business state that foreign vessels did not allowed operate in Indonesia

8. Resolution 10/08 Concerning a Record of Active Vessels Fishing for Tunas and Swordfish in the IOTC Area

Due to the fishing license mechanism, the Ministry office has released a Minister Regulation Number : PER. 05/MEN/2008 and Number: PER. 12/MEN/2009 regarding capture fisheries business. Indonesia fleet management operates under licensing system as the basic instrument to control exploitation or reducing pressure on the resources.

Indonesia fleets which already have a fishing license, have authorized to fishing and acknowledge as active vessels. In 2010, the number of Indonesia fishing vessels authorized to fish in IEEZ and high seas Indian oceans is 1203 units.

9. Resolution 10/09 Concerning the Functions of the Compliance Committee

-

10. Resolution 10/10 Concerning Market Related Measures

-

Final

11. Resolution 10/11 On Port state measures to prevent, deter and eliminate illegal, unreported and unregulated fishing

Indonesia in the process of ratification of Port State Measure Agreement and preparing for Port State Measure implementation, through:

- a. Establishment of 5 fishing port for PSM location candidate;
- b. Arrangement of PSM guidelines.

12. Resolution 10/12 On the Conservation of Thresher Sharks (Family Alopiidae) caught in Association with Fisheries in the IOTC Agreement Area

According to the report of log book, sharks include in the bycatch of Indonesia but not as a bycatch of tuna long line fishery.

13. Recommendation 10/13 On the Implementation of a Ban On Discards Of Skipjack Tuna, Yellow Fin Tuna, Bigeye Tuna, And Non Targeted Species Caught By Purse Seiners

-

PART 1 B  
THE ACTION TAKEN, WHICH HAVE NOT BEEN REPORTED

## 7. IOTC Sticker

The Minister of Marine Affairs and Fisheries has officially launched the IOTC sticker program in Bali, 2 January 2010 by affix the sticker to a long line fishing vessel symbolically. Further, the sticker distributed to 4 (four) fishing ports in Indonesia and some of the sticker have been affixed. The number as described in the following table:

No	Fishing Port	Number of Sticker	Number of stickers that have been affixed
1	Oceanic Fishing Port Nizam Zahman Jakarta	450	0
2	Oceanic Fishing Port Cilacap – Central Java	100	85
3	Oceanic Fishing Port Bungus – West Sumatra	50	20
4	Archipelagic Fishing Port Palabuhan Ratu – West Java	150	72
5	Benoa – Bali	100	63
	Total	850	240

## PART 2

## INFORMATION FOR THE COMPLIANCE COMMITTEE

8. The following table contains information to prepare more accurate report for the compliance committee.

No	Resolution	Information	Remarks (tahun 2009)	Remarks (tahun 2010)
1	07/02	Authorized Vessels : Number of vessels on the Record of Authorized Vessels	1,028 Vessels	1,203 vessels
2	07/04	<b>Active Vessels:</b>		
		a. Number of vessels active at the previous year	1,028 Vessels	1,034 vessels
		b. Number of Active vessels list provided to the Secretariat	1,028 Vessels	1,203 vessels
3	01/02	<b>Control of Domestic Vessels :</b>		
		a. Number of inspection of flag vessels: at sea....in port.....	None	None
		b. Number of vessels issued with logbooks : Type of logbook : Paper type (bound) or Electronic	Paper Logbook	Paper Logbook
		c. Number of vessels marked	None	None
		d. Number of vessels whose fishing gears are marked	None	None
4	06/03	<b>Vessel Monitoring System:</b>		
		Number of authorized vessels fitted with VMS transceiver/transponder	546 units	779 units
5	08/02	<b>Transshipment :</b>		
		a. Number of carrier vessels authorized	None	None
		b. Number of authorizations issued for : Transshipment at sea and Transshipment at port	None	None
		c. Report on the quantities of fish, by species, transshipped at sea has been provided to the secretariat	None	None
		d. List of vessels that have transshipped has been provided to the Secretariat	None	None

		e. Assessment of observer report has been provided to the Secretariat.	None	None
		<b>Compliance of Flag:</b>		
		Number of cases brought against vessels for undermining IOTC conservation and management measures.	None	None
6	06/01;09/03	<b>Vessels :</b>		
		Number of Cases reported to the Secretariat	None	None
7	08/01	<b>Scientific Data</b>		
		Information for active vessels has been provided to the Secretariat in relation to : <ul style="list-style-type: none"> <li>• Nominal Catch Data</li> <li>• Catch and Effort data</li> <li>• Size Data</li> </ul>	-	P4KSI
8	01/06; 03/03	<b>Bigeye Tuna Statistical Program-Flag State</b>		
		a. Number of bigeye tuna export document validated	33 document	
		b. Number of institutions authorized to validate bigeye tuna statistical documents	36	
		c. Number of officials authorized to validate bigeye tuna statistical documents	69 persons	
		d. Number of validated bigeye tuna export documents, which have been received from importing state (s)	None	
9	05/05; 08/03	<b>By-Catch and Interactions with other species</b>		
		a. Information has been provided to the Secretariat and Scientific Committee on : (Bycatch of Shark No and interactions with seabirds No).		
		b. Information has been provided to the Secretariat and Scientific Committee on the Implementation of bycatch mitigation devices : (For seabird and For sharks)		
		c. Has provided the Scientific Committee with information on research work undertaken to mitigate adverse effects of fishing activities on :		

		Seabirds No	Sharks No		
10	05/03	<b>Port State Control (Program of inspection in port)</b>			
		a. Number of foreign vessels calling into your ports (s)		None	None
		b. Number of foreign vessels inspected		None	None
		c. Number of cases involving foreign vessels found to have undermined IOTC conservation and management measures :			
		• Number of cases reported to the flag state		None	None
		• Number of cases reported to the Secretariat		None	None
11	07/04	<b>Coastal State Control (Foreign Vessels Licensed)</b>			
		a. Number of foreign vessels licensed		None	None
		b. Number of foreign vessels that have been refused a license		None	None
		c. Information on licensed foreign vessels has been reported to the Secretariat		None	None
12	07/01	<b>Responsibility of all CPCs (Control of Nationals)</b>			
		Number of cases detected where natural or legal persons have engaged in activities that undermine IOTC conservation and management measures :			
		• Number of cases where actions have been taken		None	None
		• Number of cases reported to the Secretariat		None	None

## 9. Closure

This report describes information during 01 January – 31 December 2010.
