

# **Yellowfin tuna catch overview (2014-2019) pertaining to Res 19/01**

## ***Application***

**This resolution shall apply to all fishing vessels targeting tuna and tuna like species in the Indian Ocean of 24 meters overall length and over, and those under 24 meters if they fish outside the EEZ of their flag State, within the IOTC Area of Competence.**

- The following analysis uses best scientific data, and the specified exceptions**
- The catch data have been updated since the Scientific Committee**
- 3 catch categories:**
  - SWR - Subject to 19/01 - with catch reductions  
(PS, LL, other gear catches over 5000 t and GN catches over 2000 t)**
  - SNR - Subject to Res 19/01 – but lower catches and no catch reductions**
  - NS - Not subject to 19/01**

## Purse seine

Red – Subject to Res 19/01 – with reduction
