HOW TO INTERPRET TERMINOLOGY CONTAINED IN THIS REPORT

The following report has been written using the following terms and associated definitions so as to remove ambiguity surrounding how particular paragraphs should be interpreted.

Level 1:   From a subsidiary body of the Commission to the next level in the structure of the Commission:
RECOMMENDED, RECOMMENDATION: Any conclusion or request for an action to be undertaken, from a subsidiary body of the Commission (Committee or Working Party), which is to be formally provided to the next level in the structure of the Commission for its consideration/endorsement (e.g. from a Working Party to the Scientific Committee; from a Committee to the Commission). The intention is that the higher body will consider the recommended action for endorsement under its own mandate, if the subsidiary body does not already have the required mandate. Ideally this should be task specific and contain a timeframe for completion.

Level 2:   From a subsidiary body of the Commission to a CPC, the IOTC Secretariat, or other body (not the Commission) to carry out a specified task:
REQUESTED: This term should only be used by a subsidiary body of the Commission if it does not wish to have the request formally adopted/endorsed by the next level in the structure of the Commission. For example, if a Committee wishes to seek additional input from a CPC on a particular topic, but does not wish to formalise the request beyond the mandate of the Committee, it may request that a set action be undertaken. Ideally this should be task specific and contain a timeframe for the completion.

Level 3:   General terms to be used for consistency:
AGREED: Any point of discussion from a meeting which the IOTC body considers to be an agreed course of action covered by its mandate, which has not already been dealt with under Level 1 or level 2 above; a general point of agreement among delegations/participants of a meeting which does not need to be considered/adopted by the next level in the Commission’s structure.
NOTED/NOTING: Any point of discussion from a meeting which the IOTC body considers to be important enough to record in a meeting report for future reference.

Any other term: Any other term may be used in addition to the Level 3 terms to highlight to the reader of and IOTC report, the importance of the relevant paragraph. However, other terms used are considered for explanatory/informational purposes only and shall have no higher rating within the reporting terminology hierarchy than Level 3, described above (e.g. CONSIDERED; URGED; ACKNOWLEDGED).

Executive summary

The 19th Session of the Standing Committee on Administration and Finance (SCAF) of the Indian Ocean Tuna Commission (IOTC) was held in a hybrid format, with two-person delegations present physically in the meeting room, and other participants attending by videoconference, on 11 May 2022. Credentials were received from 26 Contracting Parties (Members), 7 Observers and Invited Experts. The meeting was Chaired by the SCAF Chairperson, Dr Hussain Sinan (Maldives).

The following requests were made by the SCAF.

1. The SCAF NOTED that the I.R. of Iran was responsible for around 48% of the total outstanding contributions. Iran informed the SCAF that it currently has more than USD2 million available to pay its outstanding contributions; however, due to financial sanctions it is not currently able to transfer these funds into the FAO account. The SCAF REQUESTED the Secretariat to work with Iran and FAO to find a solution for the transfer. (para 19).

2. Mozambique informed the SCAF that some financial constraints had been recently lifted in Mozambique and that the 2022 payment will be made in June, and the arrears will be paid gradually over future years. The SCAF was informed by Mozambique that the Letter for call for funds should be updated from the Ministry of Agriculture to the Ministry of Seas, Inland Waters and Fisheries. The SCAF REQUESTED the Secretariat to ensure this change is made known to FAO. (para 22).

3. The SCAF REQUESTED Somalia to provide an update to the Commission on the status of their contribution payments (para 23).

4. Pakistan informed the SCAF that its contribution payments are sometimes affected by fluctuations in foreign exchange and this has contributed to an underpayment of annual contributions. Pakistan further informed that there is a potential error in the outstanding amount of membership contribution every year. The SCAF REQUESTED that the Secretariat work with Pakistan and FAO to confirm the total outstanding. (para 24).

5. The SCAF NOTED, that there is no instance of FAO calling for a suspension of assessed contributions as these are a central tenet of Membership of the Organization. The SCAF, therefore RECOMMENDED to the Commission that the IOTC Schedule of contributions should continue to include Members that are not engaging with the Commission. However, the SCAF REQUESTED the IOTC Chairperson to write to Sudan and Yemen and ascertain their intentions with respect to participating in the IOTC as a Member, including the possibility of becoming a CNCP (para 29).

6. The SCAF RECOMMENDED the formation of a Small Working Group (SWG) to draft a Rules of Procedure for the operation of the working capital fund in accordance with Regulation IV.5 of the IOTC Financial Regulations. The Membership of the SWG will comprise Australia, Comoros, European Union and Maldives. The SCAF REQUESTED that the SWG meet virtually and present the draft Rules of Procedure at SCAF20 (para 39).

7. The SCAF NOTED the concern of some Members that the 2023 budget was higher than the 2022 budget. The SCAF REQUESTED Indonesia to discuss options with the Secretariat, including the Scientific Committee Chairperson, on a proposal to develop an alternative budget to present to the Commission, in addition to the originally proposed budget and table of contributions (in Appendices 4 and 5) (para 54).

8. The SCAF RECALLED that the draft Programme of Work and Budget is made available to Members 60 days before each SCAF meeting and REQUESTED that any Member that wishes to have the SCAF consider a major change to the proposed budget, should provide a document that can be circulated by the Secretariat well in advance of the meeting. (para 55).

The SCAF made the following recommendations to the Commission.

1. The SCAF NOTED, that there is no instance of FAO calling for a suspension of assessed contributions as these are a central tenet of Membership of the Organization. The SCAF, therefore RECOMMENDED to the Commission that the IOTC Schedule of contributions should continue to include Members that are not engaging with the Commission. However, the SCAF REQUESTED the IOTC Chairperson to write to Sudan and Yemen and ascertain their intentions with respect to participating in the IOTC as a Member, including the possibility of becoming a CNCP (para 29).

2. The SCAF RECOMMENDED the formation of a Small Working Group (SWG) to draft a Rules of Procedure for the operation of the working capital fund in accordance with Regulation IV.5 of the IOTC Financial Regulations.
The Membership of the SWG will comprise Australia, Comoros, European Union and Maldives. The SCAF REQUESTED that the SWG meet virtually and present the draft Rules of Procedure at SCAF20 (para 39).

3. The SCAF **RECOMMENDED** that the Secretariat includes details for the Regional Observer Programme in future financial statements (para 40).

4. The SCAF NOTED that an estimated $100,000 extra may be required in the 2022 Meetings budget line if the Commission requests TCAC11 and SC25 to be held in hybrid format. The SCAF **RECOMMENDED** that, should the Meetings budget line need additional funds in 2022, these funds will be first taken from savings in other budget lines, then, only if required, on an exceptional basis, from the Working Capital Fund (para 42).

5. The SCAF **RECOMMENDED** a WAIVER of Rule XVI (5) of the IOTC Rules of Procedure regarding the allocation of the Meeting Participation Fund in 2022 to allow maximum participation in at non-scientific meetings (para 43).

6. The SCAF **RECOMMENDED** that the Commission consider the addition of a P2 level data expert to the Secretariat to better match the workload of the data section and overall, strengthen the effectiveness and efficiency of the delivery of data services to the Commission (para 47).

7. The SCAF NOTED the balance of the MPF at the end of 2021 was $312,981 and AGREED that this balance is unlikely to be fully spent in 2022 due to the ongoing limitations on travel caused by the pandemic. The SCAF therefore **RECOMMENDED** that the annual budget allocation for the MPF (normally $250,000) be set at $0 for 2023 (para 50).

8. However, NOTING the desire to of the Commission to resume in-person meetings, the SCAF **RECOMMENDED** the use of up to $150,000 of the Working Capital Fund for MPF purposes on an exceptional basis, should the MPF require additional funds in 2023 (para 50).

9. The SCAF **RECOMMENDED** that total expenditure for MPF purposes in 2023 (MPF and WCF combined) shall not exceed $250,000 (which is the normal budget allocation) (para 50).

**On the Programme of Work and Budget Estimates for 2023 and tentatively for 2024**

10. The SCAF **RECOMMENDED** that the Commission adopt a Programme of Work and Budget and the scheme of contributions for 2023 and 2024 (indicative) after considering the alternatives provided, noting that any new activities agreed to during the 26th Session of the Commission (S26) that have budgetary consequences, will require an amendment of the figures (para 57).
Opening of the Session

1. The meeting was opened and chaired by the Standing Committee on Administration and Finance (SCAF) Chairperson, Dr Hussain Sinan (Maldives).

2. Due to the COVID-19 pandemic, the 19th Session of the SCAF was held in a hybrid format, with two-person delegations present physically in the meeting room, and other participants attending by videoconference.

1. Credentials and Admission of observers

3. Letters of Credentials were received from 26 Contracting Parties. China, India, I.R. Iran, Mauritius and Philippines participated virtually.

4. Pursuant to Article VII of the Agreement establishing the IOTC and Rule XIV of the IOTC Rules of Procedure, the Commission admitted the following observers:

   - Members and Associate Members of the FAO that are not Members of the Commission.
     - United States of America

   - Intergovernmental organizations having special competence in the field of activity of the Commission.
     - Western Central Pacific Fisheries Commission

   - Non-governmental organizations having special competence in the field of activity of the Commission.
     - International Pole-and-line Foundation
     - PEW Charitable Trusts
     - Shark Guardian
     - Sharkproject International
     - Sustainable Fisheries and Communities Trusts

   Invited consultants and experts.
     - Taiwan, Province of China.

5. The list of participants is provided in Appendix 1.

2. Adoption of the Agenda

6. The SCAF ADOPTED the Agenda provided in Appendix 2. The documents presented to the SCAF are listed in Appendix 3.

3. Report of the IOTC Secretariat

3.1 Report on 2021

7. The SCAF NOTED document IOTC–2022–SCAF19–02 which outlined the activities of the Secretariat in 2021 that covered its support to meetings; support to scientific and compliance activities; communications; information technology; and administration.

8. The SCAF NOTED the disruptions forced on the Secretariat in 2021 due to the COVID pandemic and having the IOTC office closed and relocated due to a major fire and COMMENDED the Secretariat for delivering its services in what was a particularly challenging year.

9. The SCAF THANKED the United Nations Resident Coordinator’s Office for Mauritius and Seychelles, the Seychelles Ministry of Foreign Affairs, and the Seychelles Fishing Authority for assisting the Secretariat to find a new office. The SCAF also ACKNOWLEDGED the special assistance of the Seychelles Fishing Authority who, at short notice, relocated the IOTC server to one of its facilities.

10. In response to a question about the Consolidated List of Authorized Vessels (para 29), the Secretariat informed the SCAF that the major issue facing the CLAV is that none of the tuna RFMO’s can currently take on the
responsibility to maintain and develop the system. The tuna Secretariats continue to discuss ways of funding and managing the CLAV but no firm plan has been made.

11. In response to a question about the Secretariat receiving summaries of the products offloaded at several canneries associated with the International Seafood Sustainability Foundation (para 32), the Secretariat informed the SCAF that these data are still being received and cleaned, but no decision has been made by the IOTC technical bodies on how these data might be used.

12. In response to a question about the Secretariat having started a collaboration with the FAO GLOBEFISH project to develop a procedure of exchange of socio-economic data sets (para 33), the Secretariat informed the SCAF that the GLOBEFISH project is a potential source of some socio-economic information for IOTC, but that the Commission is yet to decide which socio-economic information it might need in the future.

3.2 Update on requests made by the SCAF in 2021

13. The SCAF NOTED paper IOTC–2022–SCAF19–03 which provided the SCAF with information on the progress made during the inter-sessional period on the requests for action made at its 18th Session in 2021.

14. The SCAF NOTED that the Secretariat continued to explore the use of videoconference platforms for extending participation in meetings and capacity development activities in 2021. The Secretariat informed the SCAF that data preparatory meetings will be held by videoconference in the future and the SCAF ENCOURAGED working groups and working parties to also consider using virtual platforms.

4. Financial Statements

4.1 Contributions Outstanding

15. The SCAF NOTED the information presented in document IOTC–2022–SCAF19–05 on the contributions outstanding as of 31 December 2021.

16. The SCAF NOTED the cumulative total of outstanding contribution payments has increased by around 5%, from $3,798,769 as of 31 December 2020 to $3,984,835 as of 31 December 2021.

17. The SCAF NOTED that as of 31 December 2021, 10 Members had outstanding contributions to a total value of $3,689,529; and the total outstanding contributions of ex-members was $295,306.

18. The SCAF NOTED that no contributions were received from eight Members in 2021, namely Eritrea, I.R. Iran, Madagascar, Mozambique, Somalia, Sudan, Tanzania and Yemen. The SCAF ALSO NOTED that partial contributions were received from Comoros and Pakistan, but these did not cover the full amount due.

19. The SCAF NOTED that the I.R. of Iran was responsible for around 48% of the total outstanding contributions. Iran informed the SCAF that it currently has more than USD2 million available to pay its outstanding contributions; however, due to financial sanctions it is not currently able to transfer these funds into the FAO account. The SCAF requested the Secretariat to work with Iran and FAO to find a solution for the transfer.

20. Comoros informed the SCAF that it has faced a range of difficulties in paying its contributions over the past few years but remains committed to paying them as permitted within the limits of their financial capacity.

21. Madagascar informed the SCAF that it did not make a contribution in 2021 but has made a payment in 2022 and intends to pay as much as possible of its outstanding contributions by the end of 2022.

22. Mozambique informed the SCAF that some financial constraints had been recently lifted in Mozambique and that the 2022 payment will be made in June, and the arrears will be paid gradually over future years. The SCAF was informed by Mozambique that the Letter for call for funds should be updated from the Ministry of Agriculture to the Ministry of Seas, Inland Waters and Fisheries. The SCAF REQUESTED the Secretariat to ensure this change is made known to FAO.

23. The SCAF REQUESTED Somalia to provide an update to the Commission on the status of their contribution payments.

24. Pakistan informed the SCAF that its contribution payments are sometimes affected by fluctuations in foreign exchange and this has contributed to an underpayment of annual contributions. Pakistan further informed
that there is a potential error in the outstanding amount of membership contribution every year. The SCAF REQUESTED that the Secretariat work with Pakistan and FAO to confirm the total outstanding.

25. The SCAF STRESSED the importance of the timely payment of contributions to ensure the effective functioning of the Commission and encouraged Members to consider working with Secretariat and FAO to pay the outstanding contributions on a pre-arranged schedule.

26. The SCAF NOTED that as of 31 December 2021, the total of outstanding contributions for Eritrea, Sudan and Yemen was $1,350,158, and this was equivalent to almost 34% of the total outstanding contributions. The SCAF RECALLED that Eritrea has withdrawn from IOTC effective 2024. However, if the history of non-payment of contributions from Sudan and Yemen continues into the future, it means that every year, the annual budget could effectively be reduced by around $60,000.

27. In 2021, SCAF18 noted the long-term lack of engagement of Eritrea, Sudan and Yemen with the Commission; that they continued to default on their obligations; and the negative impact on the IOTC budget due to Eritrea, Sudan and Yemen not paying their contributions.

28. The SCAF NOTED document IOTC–2022–SCAF19–05 informing it that Article III of the FAO Constitution provides that a Member Nation in arrears in the payment of its financial contributions to the Organization shall have no vote in the Conference (although, like IOTC, they can request the Conference to reinstate their voting rights). With regard to Members in arrears and their participation in the Council, no Member Nation in arrears in payment of its financial contributions is eligible for election to the Council. If a Member sitting on the FAO Council should fall into arrears, it will be considered to have resigned and will not receive an invitation to attend Council until it has made sufficient payment of its financial contributions. If it fails to do so before the start of the Council Session, the Member is deemed to have resigned and an invitation to attend Council as an observer is issued.

29. The SCAF NOTED, that there is no instance of FAO calling for a suspension of assessed contributions as these are a central tenet of Membership of the Organization. The SCAF, therefore RECOMMENDED to the Commission that the IOTC Schedule of contributions should continue to include Members that are not engaging with the Commission. However, the SCAF REQUESTED the IOTC Chairperson to write to Sudan and Yemen and ascertain their intentions with respect to participating in the IOTC as a Member, including the possibility of becoming a CNCP.

4.2 IOTC Meeting Participation Fund

30. The SCAF NOTED document IOTC–2022–SCAF19–06 which provides past and present details of the IOTC Meeting Participation Fund (MPF).

31. The SCAF ACKNOWLEDGED the extra contributions to the MPF received from China ($18,000) in 2021.

32. The SCAF NOTED that travel restrictions due to the COVID-19 pandemic resulted in all IOTC meetings between February 2020 and April 2022 shifting to virtual platforms; and as a consequence, the MPF in both 2020 and 2021 was significantly under-spent.

33. The SCAF NOTED the balance of the MPF at the end of 2021 was $312,981.

4.3 Financial statement: Fiscal year 2021

34. The SCAF NOTED paper IOTC–2022–SCAF19–04 which provided the financial statement for the Commission for the period 1 January to 31 December 2021.

35. The SCAF NOTED the total of contributions due in 2021 for the 2021 budget was (US)$4,221,458, and as of 31 December 2021, a total of $4,035,392 had been received. This amounted to a shortfall of $186,066. The SCAF further NOTED the total of contributions received in 2021 also included outstanding contributions due from years prior to 2021.

36. The SCAF NOTED that out of the total budget of $4,221,458 the Commission spent $2,847,662 (actuals). This under-expenditure was mainly due to savings in travel, meeting costs and capacity building due to COVID-19
restrictions. There was an under-spend of around 64% in operating expenses and 12% in staff costs (due to one Fishery Officer post remaining vacant for most of the year while recruitment was underway).

37. The SCAF NOTED that the unspent budget from 2021 was allocated to the Working Capital Fund.

38. The SCAF NOTED that extra-budgetary funds continue to be an important part of the overall budget and THANKED Australia ($34,878) and China ($18,000) for providing extra-budgetary funds in 2021.

39. The SCAF RECOMMENDED the formation of a Small Working Group (SWG) to draft a Rules of Procedure for the operation of the working capital fund in accordance with Regulation IV.5 of the IOTC Financial Regulations. The Membership of the SWG will comprise Australia, Comoros, European Union and Maldives. The SCAF REQUESTED that the SWG meet virtually and present the draft Rules of Procedure at SCAF20.

40. The SCAF RECOMMENDED that the Secretariat includes details for the Regional Observer Programme in future financial statements.

4.4 Mid-term financial report 2022

42. The SCAF NOTED that an estimated $100,000 extra may be required in the 2022 Meetings budget line if the Commission requests TCAC11 and SC25 to be held in hybrid format. The SCAF RECOMMENDED that, should the Meetings budget line need additional funds in 2022, these funds will be first taken from savings in other budget lines, then, only if required, on an exceptional basis, from the Working Capital Fund.

43. The SCAF RECOMMENDED a WAIVER of Rule XVI (5) of the IOTC Rules of Procedure regarding the allocation of the Meeting Participation Fund in 2022 to allow maximum participation in at non-scientific meetings.

5. Programme of Work and Budget Estimates for 2023 and tentatively for 2024

44. The SCAF NOTED document IOTC–2022–SCAF19–08 which outlined the budget estimates for the IOTC Secretariat’s Program of Work for the financial period 1 January to 31 December 2023, together with indicative figures for the 2024 financial period.

45. The SCAF NOTED that the overall budget amount proposed for the Administrative Budget for 2023 is US$ 4,350,095 and is based on IOTC’s normal operations and any updated instructions from the Commission. The SCAF NOTED that the Secretariat will be operating with a full complement of staff in 2023.

46. The SCAF NOTED the proposed 2023 budget represents a 7% increase from the corresponding 2022 budget that was due mainly to the proposed addition of a new P2 Fishery Officer (Data) post and some increases in operational costs.

47. The SCAF RECOMMENDED that the Commission consider the addition of a P2 level data expert to the Secretariat to better match the workload of the data section and overall, strengthen the effectiveness and efficiency of the delivery of data services to the Commission.

48. The Secretariat informed the SCAF that it is working with the European Union to develop a project to support a range of science and compliance activities that have been prioritised by the Commission. The contribution from the European Union will be around $800,000 and the project is expected to commence later in 2022. The SCAF WELCOMED this generous offer.

49. The SCAF NOTED the tentative 2024 budget represents a 7% increase from the proposed 2023 budget primarily due to the reinstatement of the normal annual budget allocation of $250,000 to the MPF.

50. The SCAF NOTED the balance of the MPF at the end of 2021 was $312,981 and AGREED that this balance is unlikely to be fully spent in 2022 due to the ongoing limitations on travel caused by the pandemic. The SCAF therefore RECOMMENDED that the annual budget allocation for the MPF (normally $250,000) be set at $0 for 2023. However, NOTING the desire to of the Commission to resume in-person meetings, the SCAF RECOMMENDED the use of up to $150,000 of the Working Capital Fund for MPF purposes on an exceptional basis, should the MPF require additional funds in 2023. The SCAF RECOMMENDED that total expenditure for
MPF purposes in 2023 (MPF and WCF combined) shall not exceed $250,000 (which is the normal budget allocation).

51. The SCAF STRONGLY URGED Members to consider resuming hosting IOTC meetings as this is the normal practice and it is essential for keeping the meeting budget line at the current level.

52. The SCAF ENCOURAGED IOTC bodies to consider using virtual and hybrid meeting platforms to the extent possible in the future to improve participation and optimise meeting costs.

53. Thailand informed the SCAF that it intends to host the 2024 Commission and associated meetings. The SCAF THANKED Thailand for this generous offer and ENCOURAGED all Members to consider hosting meetings in 2023 and onwards.

54. The SCAF NOTED the concern of some Members that the 2023 budget was higher than the 2022 budget. The SCAF REQUESTED Indonesia to discuss options with the Secretariat, including the Scientific Committee Chairperson, on a proposal to develop an alternative budget to present to the Commission, in addition to the originally proposed budget and table of contributions (in Appendices 4 and 5).

55. The SCAF RECALLED that the draft Programme of Work and Budget is made available to Members 60 days before each SCAF meeting and REQUESTED that any Member that wishes to have the SCAF consider a major change to the proposed budget, should provide a document that can be circulated by the Secretariat well in advance of the meeting.

56. The SCAF AGREED to defer any endorsement of the 2023 Administrative Budget and corresponding revised table of contributions to the Commission.

57. The SCAF RECOMMENDED that the Commission adopt a Programme of Work and Budget and the scheme of contributions for 2023 and 2024 (indicative) after considering the alternatives provided, noting that any new activities agreed to during the 26th Session of the Commission (S26) that have budgetary consequences, will require an amendment of the figures.

6. Any Other Business

58. None.

7. Adoption of the report

59. The report of the 19th Session of the IOTC Standing Committee on Administration and Finance (IOTC–2022–SCAF19–R) was ADOPTED on 12 May 2022.
