INFORMATION REQUIRED: LIST OF FOREIGN FISHING VESSELS LANDING IN PORTS

"Each CPC shall submit electronically to the IOTC Executive Secretary by 1 July of each year, the list of foreign fishing vessels which have landed in their ports tuna and tuna-like species caught in the IOTC area in the preceding year. This information shall detail the catch composition by weight and species landed."

- Practise - requirement completion:

  Select at least two other e-MARIS requirements you wish to complete during the training. It is required that you bring with you the relevant legislations in force and the data/information related to those requirements for completion during the training.

  Note: please bring the real, actual data that your country would be submitting to the IOTC Secretariat, as we will do real submissions in e-MARIS, which will be assessed for your Compliance Report.

For e-RAV

- One laptop computer by country, with WiFi connectivity;
- For upload, please bring one of your recent Vessel data submission files, or the IOTC Secretariat can provide them.

  Note: for the RAV training, we will NOT be doing real submissions, as the application will only enter production at a later stage. This will only be an advance training exercise.
