

E-training tool assignment

Supra-category: IOTC ROS Scientific Field Observer Training (IOTC ROS SFO)

Category: Role of Observers / Observer appointment, powers, ethics (IOTC ROS SFO TR2)

Collective assignment

Assignment objective:

This assignment aims to familiarize trainees with the duties of a scientific observer in the context of the IOTC ROS.

Instructions:

1. Trainees are to pair up and to search for the IOTC Resolution 11/04 in the compendium of IOTC CMMs (also called Resolutions) previously downloaded from the website: <http://www.iotc.org/cmms>.
2. Trainees are to read the relevant Resolution and to extract scientific observer duties listed into a Word document.
3. Trainees are to write their names on the Word document and upload it to Talents LMS as an answer to this assignment.
