

E-training tool descriptor

Supra-category: IOTC ROS Observer Co-ordinator Training (IOTC ROS OLC)

Category: IOTC ROS data collection and management tools (TR8)

Course: IOTC ROS e-Tools: National Database Usage (TR 8.05)

Course Description

The IOTC ROS National Observer Database presents a simple user interface that allows users to upload and manage trip observations received by national observers and eventually submit all the information marked as “mandatory for reporting” to the IOTC Regional Observer Database.

The objective of this course is to familiarize participants to the Observer Coordinator Workshops (OCW) with IOTC ROS National Observer Database usage. Following the installation of the National Observer Database on their machines, CPC National Observer Programme Coordination Team shall be requested to upload, revise and manage e-Collection interface ‘.ros’ file they’ve created under IOTC ROS OLC TR8.02.3 assignment.
